Outside In Mission

Life to the Fullest!

From the beginning, Outside In has been all about living life to the fullest. Embrace the adversity that each day presents and overcome it! Rise above the mundane concerns that so easily beset us. Dare to imagine bold new ways of being and strive for excellence in all things! Our vision is lofty indeed, proclaiming that joy does not derived from circumstances but from the attitude of the heart. The fullness of life is experiences with each step of the journey as we seek to bring out the very best in ourselves and in each other.

Michael Henkel, Founder and Chariman of the Board
